Seeing God In Nature (Show Us The Father)

1 Good evening, friends. I feel very humble and small to have a person like Brother Parton here to tell . . . say such an honorable introduction. And I certainly can repay that compliment and say it's mutually felt. I've met some mighty fine men, but I don't believe I ever met a nicer, humbler, better brother than our Brother Parton. I'm so glad to know that this fine host of people here in this city and around about, has a pastor here like Brother Parton. And a very fine brother.

2 And I'm sure. . . . The other day when we suggested to have this closing service on Sunday afternoon so that every pastor could have his own service that night and Brother Parton so humbly said, "That's just fine." I'm sure that's appreciated by every pastor and every member of every other church, because we know [Blank spot on tape.] That's a real gentleman besides a Christian, isn't it? That's right, to do that. I'm sure all the pastors appreciate that. Hoping someday that, God willing, we can get back up in this country with the tent so we can stay longer and have a good long service.

3 I have come to you, brother, with difficulty, because I come to you real tired. This is the longest I've went for the last six or seven years without a break of rest. This is four months, constantly, from one service to another. And then, it's made it awfully hard. My throat is weak and tired. And I've got two more services yet before I have any rest. I haven't been able to speak very much, or preach much on the Word. Just merely a little testimony or something and go ahead. You've rallied around us wonderfully and I do appreciate it. You don't know how I appreciate each and every one of you.

4 And I realize an audience of this size, if I should come back a year from now, there's some of you won't be here. If I'm here, some of you won't be. Somebody will go, maybe some of you young folks. Might be in an accident, go meet the Lord. And maybe it'll be some of you elderly people that's about lived your life up. Some sick person, I don't know. Maybe I'll go, I don't know. That all lays in the hand of God.

5 But if I would come back, of this many people, I'm sure somebody will be gone, this will be our last time to see each other on earth. I'm so happy to know that our last meeting like this, that you have come and have rallied around the Word of God that I have preached to you from the Bible. And I'm so glad to know that Brother Parton, here has. . . . Am I saying that name right? Parton. That he was . . . brother, in the introduction he gave me the other night over at the church and saying . . . when he read the book, he wondered sometime if I would come.

6 Well, I was to come to his church, not to an auditorium, to a church. And that's something I've seldom held a healing meeting in a church, because of the congestion.

7 But I've always thought this, friends. We know one another, talk heart to heart with each other awhile, don't we? Just for the closing this afternoon. I've always tried to do this. Never think. . . . Usually, when a man gets just a little blessing from God, the first thing you know, he'll go to thinking he's a little bigger than somebody else. And when you do that, you're on your road out. That's right. No matter how little the place is—I go to little churches sometime that won't even seat over a dozen people, little mission—preach just as hard as I would in a big auditorium. What difference does it make? The church is where we're gathered together.

MATT18:20

Jesus said, "Wherever two or three are gathered together in My name, I will be there in their midst."

8 And we come, who knows . . . you remember the conversion of Dwight Moody, I believe it was, when the old wash woman had washed all week and passed out her tracts in the early Methodist days. No one would receive them, throw them on the ground and walk by and thought they were holy-rollers and so forth. And she'd rented an old livery stable, cleaned it out, put her old wash bench down there. Little old boy come by with his daddy's suspenders on, hair hanging down his face, said, "Woman, what are you passing out?"

Said, "Tracts, sonny." Give it to him.

9 When the preacher come to preach that night, you know who was there? The old woman and the little boy. The preacher was a gallant old man, in glory today. He preached that sermon just like it was burning on his heart. Made his altar call for one pupil, the little boy. I don't think it was Moody, I'm sorry, I think it was either, it might have been . . . well, ever who it was sent nearly a million souls to Christ when he knelt at the altar that night. He didn't

know who it... You don't know what you're doing. Sometimes it's the little places, you're doing something for God. We're working for one big cause, the kingdom of God. And that's for all people to work for that end.

10 I've noticed too... When I first started, and I knew there'd be a lot hooked up with this, and there's nobody on the field in them days. And me being a Baptist and coming out amongst Full Gospel people, I realized what it was going to be. And there was three things that I noticed in the Bible that always fronted a minister. And one of them was money, and the other one was popularity, and women. So I know that Saul fell because of popularity. Balaam because of money, and Samson because of women. So then I know those three things was a hindrance that we must always keep covered up. And money, of course, would be the greatest. Or trying to think you're just a little better than somebody else.

11 I tried, Christian friends, tried my best, by God's grace I can say with His grace, all of its been in the background. You pray that I can keep it that way. I never took money. I suppose... Billy told me a few minutes ago, said, "Daddy, I think they took you up a love offering." That wasn't necessary, didn't have to do that. I never come for that purpose, God knows that. No, sir. I'm a poor man, could have been a multimillionaire. Many of you knows that I was give at one time one million, five hundred thousand dollars at one time. When the agents brought it to me and I refused to look at the order, I said, "No, sir, I wouldn't put my hand on it."

They said, "Oh, my," said, "but this man's worth twenty-eight million dollars. He owns the big Mission Bell Winery and all."

PSA50:10

I said, "I don't care what he owns, sir, my Father owns the cattle of every hill and I don't have any need of the money."

And he said, "Well, we just seen your mother's home and yours here, at the parsonage," and said, "you could use this."

I said, "Yes, when I need it, Father will send it to me. But I don't need it now."

12 And I refused to look at it. A million, five hundred thousand dollars in one offering. I'd rather take fifty cents or a dime from so-and-so, and so-and-so, and let everybody have a part in it, than to take a big lot of money. Heartaches, troubles, then you think, "*Well, it's just too much ... the curse of the love of it.*"

13 And I was born poor, raised poor, my people are poor, I want to die poor. The only thing I want to have when I die is favor with God, that's all I want. I brought nothing into this world, it's certain we take nothing out. That's true.

14 So what we get in the line of God, is the only thing we can take with us. So if you ever want to pray for me, it's not to have money, not to have big homes, or be popular, but just pray that I can stay in the hands of Christ, mold ... clay, that He can mold me, and use me, in any way that He sees fit to do it. I'll pray the same thing for you, that you'll be the same way.

15 Now, perhaps, pretty soon, I'll be blazing the fronts of Africa, different parts of the world again. I always ask this at my meeting... Things are going hard. You can imagine how they go sometime. You'll never know Christian friends, no, you'll never know what it is: a life of this type. Some of you may think it's all flowers; you don't have the least idea, my dear brother, or sister. I wish I could swap my position today, if it be pleasing to God, for some minister who's come to preach the Gospel and walk out and make his altar call, instead of have to ... going through this. Well, you don't know what it is. But that was my life, that's what I have to do.

16 A few years ago, when I left on my first trip, my little girl Rebekah was ... marking of my going out. I was gone six months before returning. I'd just go from place to place. I stayed eight days and nights and never left the platform, I said, "I'll pray for all of them or die here trying." Well, no need of trying, there was more at the end than there was when I started. The prayer line constantly going all the time. Thousands and thousands coming through the prayer line. They'd bring me orange juice and I'd sleep, put my head up against the pulpit, and sleep; I'd start the prayer line again. Stay right there with them. They'd stay right in the rain and everything, waiting.

17 When I got home, my little girl didn't know me. I was a stranger. She said... Her mother had been showing her my picture. But when I come home, I'd lost my hair, my face was wrinkled, drawed up, I'd lost about twenty-five pounds of weight. That wasn't her daddy. That liked to killed me. When I know my own child wouldn't know

me. Well, that's the way it's been with three, with Billy. But I know Him. I want Him to say on that day, "You done the best you could, so it'll be all right," as long as that's all right.

18 Some woman said to me not long ago, she had followed several meetings and tried to get in at different places to be prayed for—poor thing. Finally she got in, she was prayed for. When she started to leave, she just broke down, started weeping, said, "Brother Branham, can I ask you a question?"

I said, "Sure, sister."

19 She said, "When do you ever get any rest?" This was about four o'clock in the morning. Said, "When do you ever get any rest? Look at that group of people there still waiting."

I said, "Sister, when I cross over on the other side, that's when I want to get rest."

20 Here! We can't rest here. The sun's a setting, souls must be saved, something's to be done; if it's to ever be done, it's got to be done right now. I believe that. And I want you to pray for me, that God will keep me so that He can use me. I want Him to say whenever He wants something done, say, "I got a servant I can put My trust in, He'll do what I tell him to do." That's what I want to be.

21 You don't know how I look around, think of the sick folks, look around and see these gray-headed men sitting here, and women. Wish I had time to give you my view on what's going to happen to you someday, out of the Bible. I can prove it to you: You're going back to young men and women again. But when I see the way you are, and see some of you are sick, dad's sick, heart trouble. And that's number one killer.

22 A crippled person, I've noticed. I'm so glad for cots and things that's emptied up at night. But you see, a crippled person, they might live an ordinary life like that; it's awfully hard, sure it is. But a man with heart trouble's got to have something done right away or he's going to die, see. The man may have a good heart and good lungs, that's crippled, he'll live. But this other fellow's got to have something done immediately or he's going to die. Tubercular and cancer, that's the thing, that's the killers. Cripple doesn't kill you, but them things is what kill you. When I think, "*What could I do for the person? What's my best approach? What can I do?*" Then that hit me. The only thing I can do is to buy a gift.

23 If I knowed that coming down, getting each one of you in my arms, and hugging you, and praying with you and get down on the floor, or take a quarter and lay it on the floor and push it with my nose all the way over these cities and back, I'd try it, I sure would. That wouldn't do you any good. The main thing is for you to get faith up here in Christ, see. And the little humble gift that He has given me, is to bring your faith up to meet that. I hope you always understand that. And maybe, if you don't understand, just pray, and I'm sure He'll let you know it.

24 Thanks to you for the offering. That was right, wasn't it? Thank you, Brother Parton, I sure appreciate it. To you and all you members, all you people, the members of the body of Christ. I do. I'm not worthy of your offering, that's right. But I have an awful expense. My office and home runs a hundred dollars a day right there, whether I'm preaching or not; a hundred dollars a day.

25 I have no income at all, no sponsors by any denominations, nothing at all. No underwritings, nothing, just the freewill offerings the people send me and give me. And sometimes I go hundreds of dollars in the red. And then maybe I get a good big love offering somewhere, four, or five, six, hundred dollars maybe a thousand, two thousand. I have got up as much as five thousand in an offering. What I do, I go to my secretary and say, "How much do we need?"

Say, "Well, Billy, we're about fifteen hundred in the red."

I say, "Well, go pay it off. Now how much is it going to take to run till we get this other?"

26 And it'll take another five hundred to run till we go to this next meeting. Well then the rest of it, put it in foreign missions so that I know. Then when it's got enough built up there, enough momentum built up, I can go overseas and preach to them poor little naked, starving, heathens, and things, and see them led to Christ. Then I know I'm just a steward of God's money and I got to give an account for what I do with it. And I know then it isn't given out to something to be rode around and taken on safari trips and things like that. I know it's all gone to the kingdom of God. That's right. And then when I answer, it'll be the best that I know how to do. Because I take the money and preach the Gospel with it to the heathens.

27 And I know you're right there. Every missionary is always right. "Go ye into all the world, and preach the Gospel to every creature." That's general orders. So, you're always right. And I'll assure you this, friends: every penny.... Some of you mothers and dads got little kiddies and things, I hope you didn't hurt yourself in doing that. I hope you didn't. And I pray that it'll return to you a hundredfold. And then, I'll assure you that every penny will be put, to the best of my knowledge, to the kingdom of God.

28 I got children to feed, I got a home to be taken care of and things to do. But everything outside of that, I'll put it right to the kingdom of God to the best of my knowledge. Thank you for your confidence to believe that I'd do it. The Lord bless you.

29 Some more handkerchiefs are here to be prayed over. Just remember, write me any time. The night never gets too dark, or the rain never falls too hard, but what I'm ready to do for you what I can do. So you just write me at any time, ask for a cloth or contact by telephone somewhere where I could get to it and pray for you. I couldn't come to your home because ... unless the Holy Spirit would give a vision, I'm constantly on the move with that all the time. But just say, I'd come to your home, you can imagine how many.... We were estimating the other day that we've come in personal contact with over ten million, so you can imagine of what that would be. See, you couldn't hardly make a statement and be just. I would like to do it, but I just can't. And I'm sure you good people understand that. Hope to be back with you again sometime. Now thank you again.

30 I want to commend the ushers, the musicians, the lady that plays the piano here, and all, for all you've done; you've just been real nice. Thank you.

31 And to you pastors, you cooperating pastors, God bless you. All of you get your hearts together now and let's come back again and all be together and have a great big meeting. All you Methodists, Baptists, Pentecostal, Full Gospel, Four Square, all of you, let's be together. We're going to be together up there, so let's get together down here and work for the Lord together. Don't you think that's right? Yes. Let us speak to Him now while we pray for the handkerchiefs.

32 Dear Heavenly Father, God, as I look in here and even a little automobile, little toy of some child. O God, poor little fellow, maybe didn't have a handkerchief, because I prayed over his little toy, while he's playing with it, it'll be healed. Will You grant it, Lord? From the depths of my soul I ask Thee to hear my prayer.

33 Here's little handkerchiefs and parcels, they are going to those who are needy. O God, look there, please Father, grant that every one of them will be touched by Your power divine, they'll get just what they're asking for. Maybe some of them are for homes are fixing to break up. Satan separated mother and dad. O God, come to them quickly, put Your arms around them, Father, and let them know that in the garden of Eden You made a helpmate for a man, husband and wife become one. Don't let it happen. Bless all these things. Grant it. Get glory out of it all, Father. We ask in Jesus' name, Thy Son. Amen.

34 Gypsy Smith once said.... They took up a love offering for him one time and he said it was a lovely big offering; it was in London, England, I think. Maybe down there at Royal George Hall, somewhere he's holding his meeting. And he said after it was all over when he started to leave that night, there was a little ragged girl standing on the back of the step. Said, "Mr. Smith, I didn't get to give you my love offering with the rest of them, because I couldn't get in. But I thought maybe I'd just give you my love offering here."

And he said, "Thank you, honey."

35 And he was coming in and he opened it up, it was a little paper, had a little note on there: "Auntie give me this lollipop about two weeks ago, when my daddy was saved in a meeting from being a drunkard and this is my offering."

Gypsy Smith said, "Of all the money the people give him didn't mean anything like that, the poor little ragged child."

36 That's all she had. She thought maybe he could enjoy the lollipop, or had a child somewhere. The simplicity of children teaches us a lot of things, doesn't it? Just how simple. You seldom see God turn one down, He just can't, they come so simple like. That's the way we should be.

37 You're so nice I could talk to you all evening, but I got six hundred and something miles to drive right now, soon as this is over, to get back to Charlotte to begin next Wednesday night. Pray. And the brother.... I believe it's the Fox Theater up there. Come up and see us. We'll be glad to have you come up. I want to try to bring my wife and

little Joseph back. We never get a ... my two little children ... three I have. Billy was from another mother that's gone on to glory many, many, years ago when I was a young Baptist minister. And I've been both daddy and mother to him, and we've been chums together, and he sticks with me, goes around, helps me, and been a lot to me. And pray for him, too. And years I was single and I remarried again. I have three children: two little girls, little Rebekah, Sarah; and Joseph.

38 If there's any ... if there's any credit to be given to the Branham family, give it to Mrs. Branham. Thirty-seven years old, completely gray-headed, she's stood between me and the public for these years. The buffer at the door, everywhere. Where a lot of even fanatics and things that just come up, trying to curse and say if they don't do *so-and-so*. Poor little fellow's so nervous she can hardly get along. I'm going to try to bring her out because you're such a lovely people here in Carolina, I want her to meet you, and you to meet her. We take the little girl out of school next week, God willing, to bring her along for the time.

39 Now, to speak to you just a little from the Word, if you'll pardon; we'll pray for the sick. Always remember, friends, that I say this, and I take it on record and you see these recorders are going on. Watch Him what He says, see. A vision does not heal you. A vision is what God is showing to build your faith to a place to accept the finished work of Christ at Calvary. How many knows that now? How many thoroughly understand? There's nothing I have to heal you, or the vision won't heal you.

2KNG20:1 ISA38:1

40 Now, a vision will come, it'll build a person. A lot of times I see they're going to die; I never say nothing, maybe just "The Lord bless you," go on. I say it that way so that, you know, even if death has been pronounced upon a human being, sometimes prayer can change that. Did you know that? The Bible said so. Well, it did happen. Hezekiah was laying sick and the prophet Isaiah, he was a prophet of God, went up and told him he was going to die, he wasn't coming off the bed.

2KNG20:2-5 ISA38:2-5

41 So Hezekiah turned his face to the wall and wept bitterly. Listen to his prayer: "Lord, I beseech Thee, to consider me, I've walked before You with a perfect heart." That's the way to pray. "I've walked before You with a perfect heart." God spared him. How embarrassed that prophet was to go back, taking back all he said. He went back, and said, "God's heard your prayer."

42 Now listen, who is the greatest man in the nation? The king. But, why didn't He speak to the king then if the king was speaking face-to-face with Jehovah? The conversation was between the king ... or, the king was speaking to Jehovah. Why didn't Jehovah speak right back to the king? Cause he's the highest man in the nation, and the king of the greatest nation in the world. And there the greatest King of heaven, the King of kings was speaking back to the king ... or, the king of the earth was talking to the King of heaven. And then He goes back and sends His prophet back around. Strange, isn't it? See.

43 You probably won't forgive me for holding you like this, but I want to just show you something, friends (Excuse me for saying that.) ... explain something to you. God has certain ways to work. How many understands that say, "Amen." All right. God has certain ways to work! And you've got to work according to His way of working, see. You can't go your way and your thoughts; you've got to go His way.

44 Now listen to this, let me give you a little illustration. Here is a crop over on this hill, and it's just burning up for water. Can you hear me? A crop on this hill burning up for water, and over on this hill (You own both hills.), and over here's an artesian well just spurting up water and going to waste. Now what if you stand out there and say, "I want this water to come over on my crops. Water, I command you to go over there on that crop. Water, I command you to go over there on that crop."

45 It'll never go over. Certainly not. But there is a law of gravitation. Now you can get that water over here if you'll work it the right way. If you'll work according to the laws of gravitation. You can bring that water around that mountain and throw it around on this side and irrigate that whole crop. Is that right? But just standing out there screaming, "Water come over here, water come over here," it won't do it. But if you work according to the laws of gravitation, you get your water over there. But you've got to work according to the laws of gravitation.

46 Now, Benjamin Franklin once said that there's enough electricity in a room to blow it up, if the heat and so forth was separated ... the heat from the cold, making the lightning ... or, the electric.

47 Now, what if you stood out in the middle of one of these great big woods some night out here, on the mountain. And you were saying, “Oh, electricity, I’m lost out here, I can’t see a thing, you’re here electricity, I know you’re here. So all you electricity come on and light up the way and make me a way out.”

48 The electricity is there, that’s true. But you don’t get it that way. You have to work according to the laws of electricity. Is that right? If that electricity is brought down, run through a generator out to a light, it’ll light the way to show you out. But you got to work according to the laws of electricity.

49 The same way it is by God. Here’s a sick man dying, the doctor can do no more for him. But he just can’t holler, “Hey, Jesus, I want You to come and heal me,” say, “I’m going to do this.” That won’t work. You’ve got to work according to the laws of the Spirit. That’s right. See, you got to work according to God’s laws.

JOHN14:5-10

50 Now, I’m going to read some out of His Word and then we’re going to speak on the Word for a few minutes and have prayer service for the sick. In Saint John 14, and beginning with the 5th verse:

Thomas saith unto him, Lord, we know not whither Thou goest; and how can we know the way?

Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto me but by ... to the Father, but by me.

If you had known me, you should have known my Father also: and from henceforth you know him, and have seen Him.

Philip saith unto Him, Lord, show us the Father, ... it’ll suffice us.

Jesus said unto him, Have I been so long time with you, and yet hast thou not known Me, Philip? he that hath seen me has seen the Father: and how sayest thou ... Shew us the Father?

Believest thou not that I am in the Father, and the Father in me? the words that I speak unto you I speak not of myself: but of the Father that dwelleth in me, he doeth the works.

JOHN14:9

51 May the Lord add His blessings to the Word. I’m going to speak this afternoon for the next twenty minutes, or so forth on: *Show Us The Father, And It’ll Satisfy Us.*

JOHN14:9

52 Now, if God is such a great person, why can’t we see Him? Is that right? Now, we’re going to see if I can make God ... bring God, rather, to your ... so you’ll be sure to see Him right here this afternoon. Would you rejoice in it? Now, if God’s such a great person, why can’t we see Him if He’s the maker of the human being; why can’t we see Him? And Philip said, you know, “Show us the Father and it’ll satisfy.”

53 Now, I’m going to take four ways of seeing God, wish we could take a hundred, but I’m just going to take four ways and hurry right through them and see if we can’t see God. Now we’re going to speak of God in His universe, God in His Word, God in His Son, God in His people. And now let’s see if we can see God.

JOHN14:9

54 Now it’s many times it’s been said that no man can see God at anytime, the Bible said so. But the only begotten of the Father has declared Him. Philip, here, was very inquisitive; he wanted to see the Father. He said, “I’ve been so long with you, Philip, and you don’t know Me?” Said, “When you see Me you see My Father.”

JOHN14:9

55 In other words, you see the Father express Himself through the Son. Him and the Father were one in the sense that His Father was dwelling in Him. Not Him doing the works, He was a Son, Himself, the immortal, virgin born Son of God. And then in Him was dwelling God the Father, expressing Himself to the world, His attitude towards the people, see. Well, that’s how Christ and God were one. God was in Christ reconciling the world to Himself. Now, He said, “When you see Me, you see the Father, and why do you say, ‘Show us the Father?’”

56 Now let’s look at God in His universe. We take the great cycle of the world. Did you know, no man up to this day, or no science can prove what makes this world turn the way it’s turning? Did you ever try it? They have many times to swing a ball into the air and make it whirl and it won’t stay in the same category. It’ll be slowing up or

speeding up, it'll never stand the same one split second, on the same turning, because it's whirled by a certain motion.

57 But this world is turning so perfectly that even they can tell you when the moon and star and sun will go into eclipse twenty years away. That's perfect. There isn't a piece of machinery in your automobile, or no other piece of machinery anywhere, will operate that perfectly. They can tell you the very minute, twenty and thirty years away, when the sun will go into eclipse, timing it by the revolution of its turning. How wonderful, how it sits there. And I said, "What is gravitation?"

58 No one knows. It's something turning it, that don't know why it's turning. But it's perfectly turned. If it would move just a little bit towards the world, it would burn up. If it went a little bit away from the world, it'd freeze up. But it stays just perfectly. And the summer and the winter and the seasons come perfectly. That shows there's a mastermind behind it, has to be.

59 Here sometime ago, I was talking to an infidel. I was in Colorado, we were going back across the mountain. And I was walking along, trailing along an elk. And he rode up, on his horse, and he said, "Hello."

And I said, "How do you do, sir?"

And he said, "Where you going?"

60 I said, "I'm going back to see. . . . The ranger sends me back to a camp back here, the cow camp, back the top of the hill. He said, 'Follow this trail.'"

He Said, "What are you doing?"

I said, "Trailing an elk."

He said, "I don't want to lie . . . or, tell you you're a liar, but you're trailing a cow."

And I said, "I've hunted enough to know the difference between an elk and a cow," see.

And he said, "Elk don't have a foot like that . . . or, a cow don't have a foot like that; it's an elk track."

He got down and looked at it again, said, "Well, maybe you're right." He said, "You've hunted before?"

I said, "A little bit."

He said, "Where you from?"

I said, "Indiana."

He said, "What's your occupation?"

I said, "A game warden."

He said, "You're not even welcome in the country." Real rough, hard boiled.

61 I said, "Well, I'm here anyhow." I said, "Bob Steel sent me back here, which is the Interstate Game Commission. I'm back here to hunt a grizzly bear."

He said, "There's no grizzlies back there."

I said, "He said there was. I will take his word for it."

He said, "Can you ride?"

62 Now, you have to be careful when you're saying that. And I said, "Oh," I said, "I've rode a little bit." And I said, "I'm no rider, though."

Said, "Think you could ride this horse?"

I said, "Yes," and would jump on.

He said, "And you're a game warden?"

I said, "Not of this country." Because I knowed right then he was a violator. So, I said, "Not of this country, of Indiana."

And he said, "Well..."

I said, "I have got nothing to do with your laws here. I'm just back here at the courtesy; I'm hunting this bear."

And he said, "Well," he said, "I don't believe the bear's back there."

And I said, "Well, we'll know more about that when I hunt him."

And he said, "Get a pretty good wage?"

63 And I said, "No, not much." I said, "See, the reason I'm a game warden," I said, "I do that for my occupation, for a living, but I am minister."

He said, "A what?"

I said, "A preacher."

He said, "You look too intelligent for that."

And I said, "Well, I'll say that's the most intelligent thing that I know of."

And he said, "Now you believe that virgin birth?"

And I said, "Yes, sir."

He said, "I want you to tell you the first place, I'm an infidel."

And I said, "Well, that's nothing to brag about."

And he said, "Well," he said...

64 I said, "I don't mean to get back at you, I'm riding your horse. But," I said, "I just want to say this thing, that you're a fallen brother and you should be straightened out."

65 Said, "You straighten me then. You straighten me on the virgin birth, I'll accept it." He said, "I don't believe there's one word of it true."

I said, "You don't."

He said, "No, sir, it's against all scientific proof."

66 I said, "What books have you read?" He'd read Darwin, the Ethics of Darwin and so forth. I said, "Yeah, but you haven't read the right book."

"Oh, I've read the Bible too."

I said, "Well, you don't believe it?"

67 He said, "Look, preacher..." After about a hour's discussion, he said, "There's not a possible way in the world for that to be." He said, "It's against all scientific..."

I said, "You'll never know God by science. You know God by faith."

68 And he said, "It's against all scientific rules." He said, "Look, there has to be actual a contact between male and female even to corn, and to fruit, and everything else, the bees packing the pollen, everything." Said, "It has to be." Said, "It has to be." Said, "It just simply can't be."

69 I said, "Well, now you were telling me how the world got here, how the sun and the moon clicked off, a piece of one another, and it spun out here. And how the first man was a sponge and he become a monkey and so forth. All that." I said, "All those things you have to believe that by book. And I just ... I got faith enough to believe that. I just believe what God said is the truth."

And he said... I said, "And you don't believe that that could be a virgin birth?"

He said, "No. The first place I don't even believe there's anything to make it a virgin birth."

I said, "Almighty God, the Creator."

Said, "I don't even believe in one."

70 I said, "Well, then you're in an awful shape, sure enough." I said, "I want to ask you something." You know Mama always told me, an old saying, "Give the cow enough rope and she'll hang herself." And that's right.

Said, "I want to ask you something. Will you admit now that He had a mother, according to the Scriptures?"

"Yes, Mary was His mother."

71 "But it's impossible, for ... be a Creator-Being, see, that created Him, He had to have a actual contact with a earthly father, which you claim was Joseph or some other man."

Said, "That's exactly right."

I said, "No man could come here by a mother without having an actual earthly father."

He said, "That's correct."

72 I said, "Then how did the first man get here? let him be monkey, tadpole, or whatever he might be, he had to have a papa and a mama both, according to your statement." He's never answered me to this day. That's right. See, you have to believe that He is. I said, "Brother, your ideas are thinner than a broth made out of a shadow of a chicken that starved to death." I said, "You just haven't got nothing to stand on, 'cause that's wrong."

73 And now the man is a staunch Christian, loves the Lord Jesus. I led him to Christ about two or three days after that, laying on a camp bag one night, about one o'clock when he was looking at the stars hanging right above him.

74 Now, you see, you have to know God. God in His nature working. How could that flower there, what would make that flower yellow and the next one white and the next one blue? How do they die and come up again? How does God move this great...

75 Did you ever stand and watch the sun go down and something come over you and just cry? I did that a many time. Here some time ago, I was speaking somewhere, two days ago and was telling about it. I hope it wasn't here. But anyhow, I was hunting elk one fall, way up on top of the mountain. And it was cold up there, and the fall of the year the rains come and then the sun comes and then the snow comes and melts it off. It's just stormy like. The elk herd was way high.

76 I love the mountains. My mother's mother was a full-blooded Cherokee Indian, out of the valleys here, and my conversion never taken that away from me. I love nature, because I see God in nature. How can a tree shed forth its leaves and all of its life run right down into the other house and live down here till the winter's passed and come back up and produce leaves and apples and things again? God has to do it! Certainly.

77 Anybody that's mentally right would know that. God's in His trees. God's in the sunset. God's in the little bee. How did they get air condition? Got it from a bee. How he packs the pollen, goes in there.... He only lives six weeks. His little wings flops back and forth all night long where he ports water, some of them brings water, and he works himself to death. His little wings gets brittle, he drops off, and the birds pick him up. Six weeks is a normal life for a bee. And how that God moves through His nature, and watching it, how He does it.

78 Up there this year I was walking around and there was a.... If you'll just look anywhere, you'll see God. If you'll just believe it. And up there on the mountain I was going along, not so much to hunt the elk and things, my, no. Just to get to myself, out of the meeting, get alone, get the rifle in your hand, a pair of moccasins on, take off. Hike thirty-five, forty miles a day, through the snow cliffs and around just everywhere to be by yourself, be alone, where you can stop and look around and see Him. Sit up on top the mountain.

79 Florida, I hope I don't hurt your feelings, you from Florida. When I took my first visit to Florida and crossed the line, I signed my part of it over to the Seminole Indian. All that there artificial make-up puts me in mind of a woman trying to be pretty with a lot of Max Factor on her. That's a shame, yes, sir, she's artificial. Get her on a wash stand, she won't look that way. And that's what I think about Florida: all made up. And that's not nature. I like to look at it the way God made it. The way He had it in the beginning, the great hills, beautiful, that's the way God made it. And you look at God in the nature there, and you can see it.

80 So one day, walking along, there come up a storm, and I got behind a tree in and an old blow-down. Way up high, because the elk herd had never come down yet. The storms hadn't been severe enough to run them down. It was dry down the bottom. It has to take stormy weather to run them down. So, I got behind the tree and was standing right like this behind the tree till the storm blew over.

81 And after the storm blew over... It turned cold during the time of the storm, when the twister went through. And I looked, and where the ... it had all froze, where the water froze and icicles hanging on the evergreens, you know; they was all froze over like chunks of ice. Way back over into the western country, between the crevices of the rocks, the sun was setting. And I looked, and there it formed a rainbow across the big valley there, where, way high (I was probably forty, fifty miles from a living human being.), and there, that great beautiful rainbow. And I said, "O great Jehovah, how great You are. There's the sign that You'll never destroy the world with water." Rainbow means a promise. I looked at that and I thought, "O God, surely You're up here in the mountains. How wonderful it is."

PSA42:7

82 Just then I heard something. I stopped as any hunter would, listened; it was a bugle. What was it? It was a bull elk, he was lost from the tribe. They begin to bugle over here (The storm had separated them.), and they were bugling one to another. And oh, my, as David said, "The deep goes calling to the deep."

83 Way back over on this side of the mountain the old gray wolf got to hollering. The mate answered it down in the bottom. Now, you talk about a man crying, it'll make you. There's something about it, you love it. There's something that moves. I was standing there, I said, "O Jesus, Son of God, how great You are." That's a great all-seeing eye looking there. Everywhere you look, I could hear Him in the elk herd, I could hear Him in the timber wolf, I could see Him in the rainbow; everywhere you look you can see Him. How beautiful it is to watch Him. You have to get it in here first.

84 A little boy in our country, used to, he went to the church, he got to hear about what a great fellow God was. So, he said, "Mama, can any man see God, He's so great?"

She said, "Ask the pastor, honey, how would you expect me to know?"

Well, he went to the pastor, said, "Pastor," said, "could any man see God?"

EX33:20

Said, "No, son, no. No man can see God and live."

He went to the Sunday school teacher, she said, "No, no one can see God and live."

85 He loved nature, there's an island just above us, called the Six-Mile Island. An old man fished up there, just gone to glory recently, old white beard and white hair. One day the little boy had been with him up the river, coming back down the river, had come a rain, and the sun was going down in the west and causing a rainbow in the east. And as the old fisherman tipped along with his oars, tipping the water as only a boatman can appreciate nature. And when he begin to tip them like that, the first thing you know, making a noise as he tipped along like that. He looked up, all the leaves was washed off from the dust in the mid-summer, he seen the rainbow. He kept pulling again, he'd stop his oars, and let them tip as the boat sailed along.

86 After a while, the little boy sitting in the stern of the boat noticed on the old fisherman's face, tears rolling down his white beard. The little boy got all excited, he run up to the middle of the boat, fell down at the old fisherman's lap, he said, "Sir, I'm going to ask you a question, my father could not answer, my pastor could not answer, my Sunday school could not answer, my mother could not answer."

Said, "What's that, sonny?"

Said, "If God's so great, why can't we see Him?"

87 He just pulled the oars in his lap and commenced crying, put his arm around the little lad and he said, "Sonny, all I've seen for the past forty years has been God," see.

88 So much God in the old man's heart, he could see Him everywhere he looked. If you get Him in here, you can see Him out there. That's right. He'll use your eyes to look through. You'll not see harms, and dangers, and faults, and things; you'll only see God, wherever it is.

89 I remember standing there, the side of this tree, to finish the story of that before we go to another subject. Standing there beside the tree, I was just a praising God. I lifted up my hands and started crying. You'll probably call me a holy-roller anyhow, so you might as well get used to it now. I run around that tree just as hard as I could go, screaming at the top of my voice. Why, if somebody come there, they'd've thought somebody was there out of the insane institution, or the Salvation Army was out there in the woods. I was screaming and a running and a hollering as hard as I... I had to give vent to my feeling. God was all around me. There He was in the rainbow, there He was in the wolves, there He was in the elk herd, there He was everywhere. I said, "O Jehovah, oh, I love you!" And around, and around, around the tree I went again, just as hard as I could.

90 I looked out and I seen the sun setting, I said, "Oh, Your all-seeing eye, You watch over me. There You are hollering yonder in the wolf. There you are bugling in the elk. Oh, You're everywhere Jehovah."

91 And around and around that tree I went again. I couldn't help it, there was something in me, call to worship. I was in His Presence, in the greatest cathedral I ever sat in in my life: God's great cathedral. Hearing them pines come together, that whisper of the pines saying, "There's a land beyond the river, that they call the sweet forever." As it was singing like that, them pines a whispering. Oh, I thought, "*That's right, Lord. Hallelujah!*" I said. That great land somewhere. And I was a worshipping. And I stopped. I was just having a great big old-fashioned jubilee by myself. But I didn't care who heard me. I was worshipping God! So I stopped a few minutes. I thought, "*Oh, how wonderful.*"

92 I begin to hear something, I looked over to my side and there sat a little old pine squirrel. I don't know whether you have them here or not. That's the noisiest thing in the woods. And there he was sitting up there, with that little tail curled up, going "Chatter, chatter, chatter, chatter, chatter. Chatter, chatter, chatter, chatter, chatter, chatter," like he was going to tear me to pieces. I thought, "Did I excite you little fellow? Didn't aim to." I said, "Oh, you felt like I did. Hallelujah! Hallelujah!" And I said, "Oh, how wonderful."

93 And he kept, "Chatter, chatter, chatter, chatter." His cotton-blue eyes looked down like that. I thought, "*He's not watching me.*" And all at once I noticed a great big old eagle had been forced down in the storm, under this blow down, and he jumped up there, looked at me with them big gray eyes, looked back at that little pine squirrel. I thought, "*Now God, You're in the wolf, You're in the elk, You're in the sunset, You're in the wind, You're in the tree, You're in the rainbow, why did You break this up for? Now what's in that eagle? What's that pine squirrel got to do with it? Me here worshipping You, and something like that happen.*"

94 I looked at this big eagle, I thought, "Well, what makes him so brave?" I thought, "Say, fellow, are you scared?" I seen he wasn't scared. I thought, "*There's God, right there.*" God's not a coward. And He can't use cowards. Afraid to testify of your healing, or your salvation, He can't use you, you're no good, see. He's got somebody that's got a backbone in them that'll stand up and say, "Right's right and wrong's wrong." That's the kind of people He can use. That's admired by anybody. That's admired among men by women. No matter how ugly she is, or what she might be, he'll admire her if she holds her place. Don't care what she is. That's right. It's admired among any, among soldiers, everywhere. It's among ... in God's army, how that God admires. Like David, after His own heart.

95 I seen this old eagle sitting there. I thought, "*I admire you, but really, are you scared?*" I thought, "*You know here sits my rifle; I could shoot you.*" I wouldn't do it for nothing. So I said, "You know I could shoot you?" That didn't bother him. I thought, "*I believe I'll just find out if he'll jump if he knows what that rifle is.*" I grabbed that rifle. When I grabbed the rifle, he looked at me like that, snapped them big eyes, and looked at me. But he wasn't worried about me; looked like that little chipmunk was getting on his nerves, that little pine squirrel. Get that little tail curled up, going, "Chatter, chatter, chatter, chatter, chatter, chatter." And I thought, "*My, my, you're a noisy little fellow.*" And I thought, "*Why ain't you scared? What makes you not scared?*"

96 Well, I happened to notice, he kept doing like this, you know, with his wings. "Ah," I said, "I see it," see. God give him two wings. That's God's provided way for him. He knowed before I could get that rifle to my shoulders, he'd be in that brush, see. He knowed where he was standing, so he wasn't scared.

97 And if God will give an eagle that much courage, with two wings to go to safety, what would He do to a man that's filled with the Holy Ghost? What ought that to do, as long as He's present? I thought, "*That's right!*"

98 So, after a while he got tired of looking at that little old pine squirrel ... or, listening to him, so he just made one big jump, flopped his wings a couple times, he was out of the bushes, out into the mid air. And then I cried. He never flopped anymore, he never tried to flop his wings and get away; he just set his wings. And every time that air would come in, he just laid out and set his wings right in that air, it just lifted him up. I watched him. The air come

in it lifted him up, lifted him up, until he was plumb out of sight, leaving that little old pine squirrel sitting there cursing and going on the way he was.

99 I thought, *“That’s it, Lord, not a jump, jump, here, run, run, here, join the Methodist, join the Baptist, come back to this and be baptized this way, that way, that isn’t it. It’s just setting your wings of faith. When the wings of the Holy Ghost comes in, ride away from it, on and on, on and on, plumb out of sight. Leaving this little old earth-bound doctrine here, “Chatter, chatter, chatter: days of miracles is past. Chatter, chatter, chatter: no such thing as divine healing. Chatter, chatter, chatter: you don’t get the Holy Ghost.”*

100 Leave it, soar away, go on. Just set your wings, ride away. God sends the wind down, ride up on it. That’s right. Get away from this earth-bound chatter, chatter, *“This can’t happen,”* and, *“That can’t happen.”* I said, “Lord, that’s it.”

101 That’s it, friends. God is in His universe. He speaks out to His people. You believe that? Now, we’ll have to hurry, we can stay on that for hours.

102 God is in His Word. Do you believe that? Every word of God is a seed. Jesus said so. The Word is a seed. And what the seed is, it’ll produce just exactly what the seed is.

103 In the Bible He was called *Jehovah-jireh*, *Jehovah-rapha*, and Jehovah our banner, *Jehovah-manasseh*, all those redemptive names, all that was promises, who Jehovah was. Every divine promise of God will come to pass if it’s found in the right ground.

104 Here’s what happens, here. Many times people, I notice them in the meeting, watching these tapes as they come back, through the lines of discernment. The people’ll be sitting there look like they’re a million miles away. They don’t even be, they don’t think of something. . . . They’re even thinking about healing. But it’s not their intellects here working, it’s their subconscious working. Your subconscious is your soul.

PROV23:7

105 Why, not long ago, to show you how perfect God’s Word is, the Bible said, “As a man thinketh in his heart,” (Is that right?), “so is he.” The old-time infidel used to say, “Now, isn’t that crazy? Why, there’s no mental faculties in a man’s heart. It’s a little pump that pumps blood. He can’t think in his heart. He thinks in his head. So, the Bible is wrong,” according to them.

106 Last year, along about January, last year . . . two years ago, it is now, I was in Chicago, and a great big headlines in the paper, that science has found. . . . Listen to this: “Science has found in the human heart there’s a little compartment that doesn’t even have a blood cell in it. It isn’t in the animal, it’s only in the human.” And they say, “It’s the occupant of the soul.” So, then a man does think from his heart, God was right! Now here, see, in here, you say, “Now let me see, yes, that says that, but I wonder if that was for me. Hmm! I just don’t know whether that was or not.” That’s reasoning. You can reason with this.

107 That’s the reason preachers today, that don’t believe in divine healing. It’s salvation has never come down in their heart, it’s only their head. They’ve went to a seminary, learned a whole lot of theology. You ought to forget it all and find Christ. How can you believe when there’s nothing in you to believe with? It’s only a mental theology.

108 Just recently we had a woman in Louisville, Kentucky, and she was around a church there, a pretty good girl. But a big fine church, a Methodist church. I always thought that the girl didn’t have . . . wasn’t right. But she married some old boy, there, was really a good Christian boy, full of the Holy Ghost. They went off, and after they’d got married. . . . Her father was a deacon in that church, a fine man, Spirit-filled man.

109 And so, she wandered around out in the country, and first thing you know, they . . . some promotion, his job called him to go to another city. When he went to another city, then he took a job there. And she’s a pianist, so she become the pianist in that church. And come to find out, that Methodist church wasn’t very spiritual. And noticed that nearly all the women smoked cigarettes. Shame on you. Biggest fifth columnist move the world’s ever had. Wish I had time to dwell on it. Preachers will do that though.

110 Look, I’ve got my opinion of women that smoke cigarettes. And I sure have. I had it when I was a boy and I’ve never changed it. Oh, that’s the littlest thing you ever done. And it’s the greatest harm to this nation and to motherhood, that’s ever been done. Statistics shows that eight. . . . I believe it’s about eighty or ninety percent of the children that’s born, if a mother nurses them and don’t give them. . . . Unless she gives them cow milk, she’ll take nicotine poisoning, the baby will, and never live eighteen months. Talk about a fifth columnist.

111 Don't you worry about Russia coming over here and getting us. Russia ain't going to get us, it's our own rottenness that's getting us, that's what it is. It ain't the robin that pecks on the apple that hurts it, it's the worm at the core. That's exactly right. So, that's the other side, these preachers will tell you about that.

112 But now, that's what you need today, is a good old-fashioned house cleaning in the church! Right. Get back to a good old Saint Paul's revival and the Bible Holy Ghost again. Now wonder we're in the corruption that we are. Certainly, it is. Just feel the Holy Spirit, make you push it out anyhow.

113 Notice, then all this, this girl, she started smoking too. She begin to reason. "Why, if the other women could do it, they're well thought of, why can't I do it?" And begin to notice her neighbors, all of her sisters in the neighborhood, wear these little old scandalous clothes. And of course, you know, you have to wear them out when the men's coming in from the, you know, from the factories and things. You just have to get out in the yard. You don't appear before men like that . . . you don't appear before God like that, you're doing it to appear before men. And you mothers that let your kids do that, you ought to have a good old-fashioned time of posterior protoplasm stimulation added to you. That's exactly right.

114 What we need today is some good old-fashioned mammy's that would. . . . I said I got two girls, they may lay stretched out, one of them one time too, to get a suntan. They'll get a suntan, it won't be from that sun out there, it'll be with Mr. Branham's son with a barrel slat so hard that I could [unclear word] them. They'll get a suntan all right. That's right. Be my father's son doing it, too. Yes, sir. It's a shame how you let down the bars, you Methodist, Baptist, and Pentecostal too! Certainly. Used to be wrong in the church, but now, oh, the devil might've went out of fashion, but he didn't go out of business, I'll tell you that now. Hallelujah! I feel religious.

115 Let me tell you, brother, what we need today is a good old-fashioned taking the fire out of the furnace and put it on the altar again. Get it back out into the hearts of the people and get the revival started! If it was wrong then, it's wrong now. Right.

Notice, there, she begin to wear those little clothes. Her husband said, "Dear, I don't believe. . . ."

"Now," she said, "Look, if Suzy, and Ella, and all of them can wear them, why can't I?"

116 See, right down in her soul it said, "That's wrong." Conscience will tell you that. But what did she do? She went to her intellect, to reason. "Well, now, if the others can do it, why can't I do it? They're well thought of, we're all Christians, they go to church. Why can't I do it, if they do it?"

2COR10:5

117 Now you see, the Bible commands us to cast down reasoning, see. That's where preachers don't believe in divine healing. That's where people don't believe in the supernatural. Only thing they got is intellectual reasoning. Listen, this soul in here is God. And God will agree with His Word every time. He'll not reason, He'll believe it. And when you believe it from your heart, the Bible said, "You'll have it." That's what it is, you're trying to make reason take it, when it's your heart that has to take it.

118 First thing you know, she began to. . . . A little slicker moved in the neighborhood with a barrel of grease on his hair nearly. He begin to kiss her goodnight at the back fence, a little love affair. And the first thing you know, she left poor John, run off and married this little slicker. Didn't live together but a little while till he found one a little prettier than she was, so. . . . She ought to have sense enough to know that. He run off and left her. And she married another one. Then he run off and left her, then she had a common-law husband.

EZEK18:4,20

119 But you know, the Bible said, "The soul that sinneth, that soul shall die." *Death* means "separate." She just kept getting away from it farther, farther, farther, and it getting away from her, see. The first time that she started smoking, she ought to've known. The soul says, "That's wrong." Reasoning said, "But the rest of them can do it, why can't I?" When she put on those little ungodly clothes, nature itself would tell her that's wrong. But she said, "If the rest of them do it, why can't I?" See where our American women's got to?

120 I felt so bad out there at San Angelo, here not long ago, in Rome, they had a sign up: "American women, please put on some clothes before you come, to respect the dead." In a place like Rome. Shame on you. I may be burning you up, but my mama used to tell me. . . .

121 When I'd take castor oil. . . . I can't stand it yet today. Every Saturday night, a bath in an old cedar tub, and then have to take a dose of castor oil. We didn't have the right kind of food to eat and things, so she'd. . . . I'd say, "Mama, I can't stand it." I'd hold my nose and gag. I said, "It just makes me so sick."

122 Says, "If it don't make you right good and sick, it don't do you no good." So maybe I'll try the same thing here, see. It get you right good and sick, then maybe it'll stir up your spiritual organs, gastronomics, so you can digest a good Holy Ghost dinner once in a while.

123 Notice, let me tell you, then this woman, when after a while she got to a place to where she got sick. She put it off a little while and finally she went to the doctor. Brother, it'll catch up with you as sure as anything. They found out that she had an advanced malignancy. Nothing to do but die.

124 The pastor of our church, Rev. Orman Neville, the Methodist church, he goes to see the woman. He said, "I'll go and see her, because I know Brother Branham knows her daddy, and I think he knows her. And I know she's living over in that kind of a life." Said, "I'm going to see her and get her straightened up," said, "because that's what he'd tell her as soon as he got there and ask him if she wants me to come over."

She walked over and he said, "Being that we belong to the same church, lady, I come to speak to you."

She said, "All right, what is it, mister."

125 And he told her who he was, said, "Your father and I are very good friends, we both up there, the pastor, we went to Asbury College together." Said, "We're very good friends." Said, "I just want to ask you something." Said, "Don't you want to straighten up your life and come back to Christ?"

She said, "What?"

Said, "Straighten up your life and come back to Christ."

"Why," she said, "I'm just as good as you are."

He said, "That's not the sub. . . that's not the question. Don't you want to straighten up your life?"

126 She said, "I belong to the church, and I have since a child, I was on the cradle roll. And I'm a Christian, I've been a Christian, and when I die I'll go to heaven." She actually believed that, reasoning. And she said, "I'm just as good as you are."

He said, "You know Brother Branham?"

She said, "I've heard of him."

Said, "I want him to come over and see you." And said, "I know as soon as he come, he's going to call this thing to your hand."

Said, "What thing?"

Said, "Lady, this thing laying here, this package of cigarettes, what about that?"

She said, "Why, you fanatic, I guess you think that's wrong."

He said, "I know it's wrong!"

She said, "I never sent for you to come."

He said, "Just a minute, lady." Said, "What about that common-law husband?"

127 She said, "The door that you come in at, is ready for you to go out at. If I wanted somebody that had some sense to talk to me, I'd send for somebody and not you."

Said, "All right, lady, just remember."

He come back and told me when I come in. He said, "I wanted you to go there."

I said, "Just watch her at the end."

128 When she come to die, her backslidden pastor standing out there let her get by with such as that without telling her the truth, they was all in the room. And the first thing you know, her intellectuals begin to fail, begin to break up. She couldn't think.

EZEK18:4,20 JOHN5:24

129 "Now the soul that sinneth, it shall die," is that right? That means to separate. *Death* means "separation." "He that heareth My words, believeth on Him that sent Me, has everlasting life," can't die, see. But when you grieve that soul, it goes away from you. It was gone plumb away from her, didn't talk to her no more. But when her intellects begin to break up, then nothing left here. But the soul had to come back. Well, what condition was it in? See. When it walked up it begin to rebuke her for the life she'd lived. She said, "My, God, I'm lost!"

So, the pastor said, "Oh, now, here, don't get hysterical."

She said, "I'm not hysterical." She said, "Go get Brother Neville right quick!"

Said, "Here, here, here, now, here I'll call the intern." And the doctor come in, give her a shot.

And she said, "I'm lost."

"Give her another, one doctor."

"I'm ... I'm ... I'm lost. I'm lost."

130 And the hypo stopped the confession. But that soul that she grieved, she'll have to be tormented with it as long as there's an eternity to last, see. Be careful. You take God's Word! God is in His Word, not in some man's theology, but in His Word! Do you believe it?

2COR5:19

131 God is in His Son. Do you believe that? Do you believe God's in the universe? You believe God's in His Word? Now, God is in His Son. Now, quickly we'll go. God is in His Son. Now, God was in Christ reconciling the world to Himself.

132 Here recently, a woman belonging to a certain church, (I'm not making no light remarks.); it's Christian Science. But I don't mean to harm you, I don't talk about anybody's religion. But look, that woman said to me, she said, "Rev. Branham, there's one fault you have that you ought not to do."

And I said, "What?"

She said, "You brag too much on Jesus."

I said, "I couldn't brag half enough for Him!"

She said, "You put too much emphasis on Him on being deity."

I said, "He was deity! He was God!"

She said, "Oh, Rev. Branham," said, "surely, a man of your caliber ought to know better."

I said, "No, Ma'am, I don't know any better, I hope I never know any different. If I do, I'm out of my mind."

She said, "Do you mean to tell me that He was divine?"

I said, "He was divine."

She said, "He couldn't be divine."

I said, "He was divine!"

She said, "Oh, He was a great teacher, He was a prophet."

133 I said, "If He was a prophet and a great teacher, I'm lost and everybody's lost. That blood was nothing but the blood, blood of Almighty God! He was divine!"

She said, "If I prove to you by the Bible, that He was not divine, will you accept it?"

I said, "If God's Word said He wasn't divine, then I'll take back everything I said."

Said, "I'll prove it to you."

I said, "All right."

She said, "In Saint John the 11th chapter. . . ."

"Yes."

Said, "When He was going down to the grave of Lazarus."

I said, "Yes."

JOHN11:35

"The Bible said He wept."

"Why," I said, "what's that got to do with it?"

Said, "That proved He wasn't divine. How could a divine man weep?" Said, "He could not be divine, for He wept."

2COR5:19

134 I said, "You fail to see it, lady. God was in Christ reconciling the Word. He was a God-man. He was Immanuel, God was in Him!"

Said, "No, He couldn't be and weep."

ISA53:2 JOHN11:25

135 I said, "Lady, I want to ask you something." I said, "He was a man when He walked to that grave a weeping. But when He stood there and straightened up them little stooped over shoulders, a man thirty looking fifty, they said. No beauty we should desire Him. He threw those little shoulders back and said, 'I am the resurrection and life,' saith God. 'He that believeth in Me, though he were dead, yet shall he live.' Only a man. . . . He did weep like a man, but when He straightened those little shoulders up and spoke to a man had been dead four days, corruption in his body, corruption knew its master, the soul to its creator, and a man had been dead four days stood on the ground and lived again! That was more than a man! That was more than a man! That was God in His Son."

MATT14:19,21 MARK6:41,44 LUKE9:14,16 JOHN6:9,10

136 When He come down off the hill that night, hungry, looking around over that tree for some fruit and couldn't find any, He was hungry like a man. That's right. He was a man then. But when He took five biscuits and two little fishes and fed five thousand, that was more than a man! That was God in His Son. Truly.

MATT8:24,26 MARK4:38,39 LUKE8:23,24

137 He was a man. When He laid out there on that little ship that night, looked like a bottle stopper, tossed about, and Him so tired, virtue had gone out of Him, till the waves didn't wake Him up. Ten thousand devils of the sea swore they'd drown Him, Him laying back there, back in that boat and it pitching every way and Him laying on a pillow. That was a man laying there asleep, sure. But when He woke up, put His foot upon the brail of the boat, looked up and said, "Peace be still!" And the winds and waves obeyed Him. That was more than a man! That was the divine Holy Jehovah God speaking from His Son, Christ Jesus. Right.

138 When He died on the cross, calling for mercy, that was a man. That was a man when He died. But when He broke the seals on Easter morning and rose up, He proved He was God when He come up from the grave.

One of the poets said:

Living, He loved me; dying, He saved me;
Buried, He carried my sins far away;
Rising, He justified freely forever:
Some day He's coming—oh, glorious day!

139 God was in His Son. You believe it? Sure, He was. God is in His universe. God is in His Word. God is in His Son. Now, God's in His people too. Amen. You believe it?

MATT28:20 JOHN14:19

140 A cowardly little bunch sneaking around the corner, locked themselves in an upper room, had been with Him for three years and six months. When they walked up there they were scared of the Jews. Jesus had told them, said, "A little while, the world won't see Me no more; yet I will be with you to the end of the world."

141 And when they locked themselves up, and waiting for the promise, they were a bunch of cowards. They had God on the outside, they knowed all the creeds and the formulas and everything, but all of a sudden God came down like a rushing mighty wind, filled all the house where they were sitting! Something took place! Out through the doors and windows they went into the street, staggering under the mighty impact of the Holy Ghost. They went around the country healing their sick and raising the dead, and casting out devils. And signs and wonders begin to follow them. And a living God, the King of Israel, was in His people, in the tent. Amen.

PSA82:6 JOHN10:34

142 God is in His people, showing Himself alive. God's here this afternoon. God's in His people. You believe it? Sure He is. Is He in His universe? Is He in His Word? Is He in His Son? And He's in His people. Do you know what? The Bible said you're gods because you're a part of God, you're sons and daughters of God. When your theology is left, all of your mental things here is not looking at anything else but the Word of God, and the Holy Ghost comes down here to bear witness, you are a part of God.

143 I'm a part of Charles Branham because I'm his son. You're a part of God because you're His son, born of His Spirit, washed in His blood. Hallelujah! Yes, you are, you're a part of Him. And you become a creator. Do you know that? Did you know...

144 Let me give you a little speck of light just in a minute now. Just a few minutes now before we start the prayer line. You are a creator yourself, a miniature creator. Listen. Did you ever see people that was nice people, though you just couldn't be around them hardly. Something about them you just couldn't stand? Did you ever see people that you just love to be around? Did you ever see them kind of people? That's the atmosphere that they create themselves.

145 And let me tell you today, my dear friends: the greatest thing there is this side of heaven is l-o-v-e, divine love. God is love. You read in the book when the maniac run out to kill me on the platform that night. I didn't hate the man, I loved him, sure, felt sorry for him. That's what slew him on the platform. That's what slew those witch-doctors standing there that day. Thinking human beings that God died for, standing there trying to throw spells on me, witches like that. Standing there before Him and you see them fall to the ground, throw their head down like this and give their hearts to Christ. It was love that did it! Love is the mightiest force there is. Even *phileo* love will make a mother jump through a fire to grab her burning baby. She won't think of herself.

146 Think of a woman one time, standing... A young girl had been away to college and she come back. And when she did, she was standing out by the train station, the train pulled in and everybody was hollering "Hurrah!" And she brought her snicklefritz girl with her from school. And her mother was standing out there, and the little snicklefritz girl said, "Hey, who is that horrible looking wretch there, look at the way she looks."

147 And the girl, being a little smarter, what she'd learned in school, she was ashamed of her mother. And when she got off the platform, her mother said, "Darling, I'm so glad to see you." She turned her back and walked away because her little friend had done that. It happened to be, the conductor knowed the story, he said, "Come here, girl." He grabbed her by the shoulder, said, "Ain't you ashamed of yourself, denying your own mother?"

She said, "I don't know her." 'Cause her...

She said, "Martha, is this your mama?"

Said, "No, I don't even know her."

148 Conductor said, "Be ashamed of you." Said, "Look here, girl, I want to tell you something." And the crowd begin to listen. Said, "You're a beautiful woman today, that's right." Said, "You are. But," said, "your mother was a lot more beautiful woman than you were, or ever will be."

149 And said, "One day when she was out in the back yard hanging up the clothes," said, "I lived on the same block." And said, "The house caught fire, you was a little baby, upstairs in your crib. And when the fire engine came and the mother seen it stop in front of her house—where the neighbors had called—away she went, but the stairs was just about ready to fall in." He said "That mother, not thinking for her, jumped through those blazes and the fireman grabbing after her, she went through the blazes anyhow. And she ran in there and grabbed you off the bed. Jerked

the clothes ever she had on her body and rolled them around your face and things. And she braved that fire blaze right out back through."

150 Said, "It burned, it scorched her, it wilted her down. And today because you're pretty, she was made ugly. And you mean to tell me, you'd deny that woman that saved your life and your beauty, that you're ashamed about now because of your mother, that you'd do that?"

151 When that story was told to me, I thought, "*O God, how could I, though the old rugged cross so despised by the world, when I see that Christ became sin that I by His righteousness might become a part of Him.*" How much do I care they call me a holy-roller. How much do I care they call me a divine healer. Whatever they want to, He came down and was made ugly and sinful, that by His righteousness I might have a home in heaven and a right to be the son of the living God, and to believe on Him. How it is, He became me that I by His grace, might become Him. He taken my place as a sinner, as me as a sinner might take His place as righteousness. How could we deny Him? Sure.

152 Create around you love. Who could deny such great love? Listen just a moment what a great love is. Love will conquer, where hate and malice, and creed, debate, and fuss, will drive away. Love will conquer. Whew. I want to tell you something now. Here, give you some of my heart, the inside life, just a minute, or two, and then we're going to start the prayer line. We got just about maybe six or eight minutes. Look just a minute.

153 Here a few days ago, I was showing someone.... The house had been full all the day, people everywhere. The babies couldn't even eat, nothing. Finally when the house got emptied up, and somebody come in and just had the people to go, coming from, not one place, all over the world. Signs on the gates everywhere else, "Don't come in," they come anyhow. You can't blame them, they're human beings, wanting help. I'm not there, but just a few hours at a time, my family's strange to me almost.

154 I went in, and there stood my dear beloved wife in a corner crying. There stood Sarah and Rebekah fighting over some blocks in the next room. Little Joseph screaming at the top of his voice. The last one had left. Billy and them had come up and got them all out, Brother Woods and my neighbors and them. So, I sat there. I thought, "*What is all nervous and upset.*" I thought, "*Heavenly Father, we got to make this situation here different.*"

155 So, I walked over, she said, "Billy, honey, what am I going to do?" Said, "I'm losing my mind; all day long, that pounding, and everybody in here, people saying, 'If you don't come to this city, they done got you advertised and you're going to be cursed by God if you don't.'"

156 I said, "Honey, that's fanatics. If God wants me to go anywhere, He will tell me." And I said, "I'm on speaking terms with Him." And I said, "If He wants me to go.... Don't pay no attention to them things." I said, "We have fanaticism in everything and saying *this, that, and the other.*"

157 And she was crying, and I got talking to her, I said, "But you know, honey, I seen the prettiest little dress in a certain city, you know." And the first thing you know she was peeling potatoes, she was all quietened down. When she quietened the children quietened, Joseph quietened; all right. See, you have to change the situation. You can do it.

158 Let me tell you something. This is a little inside, you may judge me wrong after this. When I was game warden, I've had this to happen many times. You heard me speak about being in the mountains, see, out in the mountains with wild life. Now, there's something about it. See, you have to know the Creator.

159 Now, wild animals will hurt you if you're afraid of them. But if you're not afraid of them, and you love them, they won't hurt you. You can't bluff it now, you got to really mean it. I've walked face to face with grizzly bears, African lions and everything else, see. That's right. They won't hurt you if you're not afraid. But there's something about you, your body puts out a ... your nerves puts out an odor. Did you ever see a dog? He will.... [Brother Branham imitates sniffing.] Don't try to bluff him, he knows whether you're afraid or not. He does. If you're afraid, he'll bite you. If you're not afraid, I've never seen one yet, when I walk in pet him, walk on through the yard, see. If you're not afraid of them, they know it.

160 Here, one day I was down at the bottom of the hill, turning some fish loose; I was in the conservation. We're supposed to wear a pistol, but I didn't want no pistol. If I talked to a man, I believe it'd made a better guy out of him than if I could arrest him anyhow.

161 So then, we've got to turn loose some fish. And I remembered, across the hill, I had an old friend over there was dying ... or, very sick. I thought, "*I'll walk over and see him.*" I just closed up the truck door and started walking

across the field, walked up over it. It ain't like here, there's just some little shrubs out in the field. And when I walked right out there and got in the middle of the field, behind those shrubs I didn't notice, but there. . . .

162 About six weeks before then a great big Durham bull had killed a colored man down there. He's a killer—longhorn. He's down at the Burk's farm, he killed him. So, this was up at another farm. They'd sold him, because he was a fine breeder bull. But when he was. . . . That bull raised right up in the field. I forgot about him being in there. And there he was not over twenty spaces from me. He raised up and looked at me, he let out a roar and threwed them horns in the ground like that. I looked back to the fence, I couldn't outrun him. There was no tree to get into. What could I do? I was in the same spot like I was with that maniac you was reading in the book. What could I do?

163 Now listen, you can't make it, it has to happen. Now listen close. But somehow another, something happened in my heart: Instead of being scared, I loved him. That sounds juvenile, but that's true. I thought, "*Poor fellow, he was just sleeping; I disturbed him.*"

164 And here he come, throwing his horns down like that, and he hit on his knees and throwed his horns again, twisting his tail, and here he come. Well, instead of being afraid, I was no more afraid of that bull than I am of my brethren sitting here on the platform. He come right to. . . . If you could ever get that! Wish I could live in that all the time.

165 But here he come. He come right straight to me and I said, "Now, I'm sorry I disturbed you; you are a creation of God. I am a servant of the Creator, Jesus. I'm on my road over to see His servant that's sick. I must go pray for him. I'm sorry I disturbed you. Now in the name of Jesus Christ, go back and lay down; I won't bother you. We'll go on by."

166 And that bull, with his head down, here he come making a charge. Well, we'll have to meet. . . . I don't know what you think about it, but I can only state facts. That bull got within about five foot of me, just as . . . and I was no more scared. I thought, "*Poor fellow, I'm sorry I disturbed you.*" I come on his ground. And he run right straight to me and he stopped, and he looked so depleted; he looked this way, looked that way, turned around, walked over and laid down. I stood there, walked by him within five foot of him like that; he looked up at me. Walked over and got through the fence, then I began shaking.

DAN6:22

167 What was it? God. He'd have killed me. The same God that could stop a lion, sent that Angel of fire, that light standing between Daniel, the animal scared of light. There that Angel standing there, sure. What happened? The lion went over and laid down.

168 The same God that lived in Daniel's day is the same God today. He could stop a lion, could stop the bull. My grass was growing up in the yard last summer. I was mowing out there, and I'd have to make a couple of rounds then change my overalls, come in pray for the sick, and go back out. It'd grow up in the front yard before I get to the back. Now listen.

169 I got back in the back yard, I took off my shirt: nobody back there; it's way back behind the place. And I was just a pushing as hard as I could, and this little old power mower, and it *bang, bang, bang*. I forgot about a big nest of hornets hanging in the corner. And I rammed this lawn mower into that, and in a minute I was covered over with great. . . . You know what hornets are: great big fellows. They'll knock . . . they'll kill you.

170 And here I was with no shirt on, and covered over with hornets, around like that. Now instead. . . . Something happened again. Instead of being afraid, I wasn't afraid. And I thought, "*Now I disturbed them; isn't that a shame?*" I said, "Now little creatures of God, I am the servant of God, I am mowing this grass, I've got to hurry 'cause God's sick children is coming in to be prayed for, and I got to hurry. I'm sorry I disturbed you; I'm sorry. Now in Jesus' name you go back to your nest. I won't bother you."

171 And God who is my solemn judge, with this Bible laying here, them hornets whirled around me, I just stood there, they made one single file like that, they went right straight back into the nest, and that was all of it. I seen it happen many times.

172 Here, Leo and Gene—they're sitting right here behind me now, they're kind of student ministers. They were sitting on the porch last summer—then we're closing. About ten o'clock in the morning, wasn't it, boys? Around ten o'clock in the morning, sitting there, I was talking to them about a colored girl; her picture's in the paper. She took her baby—a lovely looking woman—and took her baby and smothered it in a blanket and took it out on the bridge in a

taxi cab and dropped it off in the water. They caught her. And I said, "That was not a mother; that's a female. Not a mother; a mother wouldn't do that."

173 And here come the milkman up bringing the milk. Mr. Woods (He will be with me the next meeting.) His wife's a veterinarian; their boy had been cripple with a drawed up leg. He was a Jehovah Witness, she was a Methodist. They brought him to the meeting, was sitting way back. Hundreds ... thousands of people in there at ... What was that name, Paul? Where? No. To where David Woods was healed. No it's up here, where that big lake is, oh, I'll get it in a few minutes. Anyhow, it's up here on the Great Lakes. And he was sitting way back in the meeting. And the Holy Spirit come over and said, "You're a contractor, you're a Jehovah Witness, your wife there is a Methodist, she has a tumor sticking out. You got a boy with you that's got a drawed up leg from polio, but 'Thus saith the Lord,' you're healed," see.

174 And she sat there a little bit, they begin to look. She said, "Banks," to her husband, (if you're at the next meeting, you hear her testify) said, "Looky here." Said, "David, stand up." There he was just as normal; he's my boy's buddy here now. So, he quit contracting, she quit the veterinary, they've moved over and live door-neighbors to me.

175 They were standing in the yard, and Gene and Leo. And down the road come a possum. You have possums up here, don't you? Possums? Now anyone knows that knows conservation, a possum is blind in the daytime, he's a night prowler. Here he come down the road, come past three or four houses that didn't have no fences, turned right in mine with a fence, a rock wall, and come right up to meet me. I said, "There comes a possum; he's got rabies." I said, "I'd better go out and stop him."

176 Mr. Woods had been raking in the yard, so I took the rake and laid over it. I called Gene and Leo out there, and they all come out and was looking at the possum. I said, "Look at him." And I happened to notice, he didn't have rabies, but his left shoulder here, was all chewed up, the dogs had got a hold of it. Now this is bad to say, but gangrene had set in and maggots had blowed it and that leg was broke to pieces, and dragging it like this. I said, "Look at that poor thing." I said, "That's what's causing it to be that way."

177 And usually they'll play possum when you touch them, but she was just a fighting to get up from there. And as I noticed, she ... Now there's only two animals that has pockets, that's a kangaroo and a possum—where they pack their little ones. And her nerves let down and that little pocket come open, and she had nine little naked babies about that long—little possums. And I said, "Look at there boys." I said, "Come here. That possum is more of a mother than that colored girl was." I said, "That colored girl with a healthy baby, so she could keep running around, she drowned her baby. And this old mother possum's got about twenty minutes longer, or half hour, at the most, to live, and she'll spend that twenty minutes fighting for her babies." Yes sir. I said, "God's with that possum." And I said, "You look at there; ain't that something?"

178 So, I raised her up, and all of them come out there and looked at her. And as soon as I raised her up, she started right straight towards my door. And when she got right in front of my door, there in that hot sun, in July, she exhausted and fell over. Mr. Woods said, "That's all of it."

I said, "Yeah, I guess she died." I said, "What a shame."

179 Went up there, she was just relaxed like that, and the little babies were sucking that from her. And I kept punching her with the stick, I said, "Wonder if she is dead?" And I punched her. Said, "Yeah, look at that leg turn all the way back like that." I said, "Isn't that a pity, that poor old mother, how she wanted to live for them babies."

180 And I looked at the little babies just a pulling and a nursing. Little bitty naked fellows about like that. And I said, "Isn't that too bad?" And I punched her, I said, "She's alive, look at there, comes a little grin like on her chin like that." I said, "I believe she's alive."

181 And Mrs. Woods said, "Well, Brother Branham," said, "now the only thing to do," said, "just take a ... just go ahead and kill her. And take those little fellows and kill them," said, "because you can't raise them they got little round mouth and they'll just ... that old milk from the mother, and her dead," said, "they'll die a horrible death."

I said, "But I can't do it."

And they said, "Well, my, let Banks do it then."

I said, "No, I just can't do it." I said, "Think, that poor mother fighting for her babies, wanting to live."

And she said, "Well," said, "you're a hunter; go and get one of your guns and shoot them. If you don't want to..."

182 She wanted me to throw them on he ground and kill them. And I said, "I'm a hunter but I'm not a killer." I said, "I can't kill them."

183 She said, "Well, you don't mean to tell me your going to let them lay there and die like that?" The woman was right, of course.

And I said, "Sister Woods, I think a lot of you as my Christian sister, but I can't kill it and I don't want no one else killing it."

184 She said, "Well, Brother Branham, you're doing wrong, sonny." She said, "That possum," said, "them poor little things will die laying there. And what a death they'll die."

I said, "That may be right, but I just can't kill it."

185 So I went on. That afternoon, late come, she laid there, we poured water on her, we done everything. She never did come to, just laid there. Mr. Woods come up and got me, so we went riding, said, "Now you've been going all day, Brother Branham; you got to get out tonight." So we were riding around a while, we come in about eleven o'clock and there the old possum's laying there still stretched out, dew all over her. Them poor little babies still nursing at her. And he said, "If she'd ever moved, when that sun went down, she'd have left." You know that too, if you're hunters. And said, "She would have left when that sun went down," because that's when they start. Said, "She will never move Brother Branham." Said, "Why don't you kill her?"

And I said, "No."

186 Billy come in from fishing about twelve-thirty, the old possum was still there. I thought about her all night. Now listen. The next morning I got up real early, went out there, and when I got out there, there laid the old possum still laying there. I thought, "Oh, my, what am I going to do with her?"

187 And little Rebekah, she seen her first vision not long ago, there's coming a little girl. Not 'cause she's mine, but God is with her. So, she go to a meeting and get somebody on her heart and start praying for them, it isn't five minutes till the Holy Ghost calls them. That's right, see.

188 And she was there, she was looking down at this old... She said, "Daddy, what are you going to do with that poor old mother possum?"

I said, "I don't know, honey."

189 Her pajamas on. Mother and them hadn't got up yet, there's nobody out there on the runway yet. And I said, "Honey, I don't know what..."

She said, "You going to kill her, Daddy?"

190 And I said, "No, honey, I just can't kill her somehow." I said, "What you doing up at this time? You better get back in bed with mommy, you better run on in there now."

And she said, "Well, daddy, I feel so sorry for that poor old mother."

I said, "I do too, honey, but she's dead." And I said, "Them little possums, I don't know what to do?"

Said, "Why don't you let Brother Woods kill them?"

I said, "No, I don't feel like doing it, sweetheart." I said, "You run on back and get in bed."

191 I went into the side door of my den room; I was sitting there with my hands right like this. I thought "What will I do with that possum today? I don't know."

192 Now, I don't know how you're going to judge this, but Somebody said to me, said, "What are you leaving her lay there for?"

I said, "Well, I don't know." I said...

Said, "Well," said, "I sent her here. You preached a sermon on her yesterday. You said what a mother she was."

I said, "Yes, that's right."

193 Said, "I sent her here to be prayed for, and she's laid at your door waiting her turn for twenty-four hours. You've never said a word to Me about it."

MATT10:29 LUKE12:6

194 I said, "Well, I didn't..." I Said, "Who am I talking to? Have I gone crazy?" I said, "What's the matter? What? 'I sent her here.'" I thought, "*God, sure, You know the animals, You know the sparrows, one can't fall without You.*" I said, "Forgive me, Father, if You had a mother possum... I've seen You do human beings that way, but never a possum. Would You send her here?"

195 And I went out there, and Becky was looking through the window. And I went out to where the old possum was, I looked at her, Becky come out, and I said, "Heavenly Father..." I got to meet this at the judgment.

196 I said, "Heavenly Father, has Your servant been stupid enough not to know that You're in nature? that You're in animals? that You're everywhere? And how that confirms it. You knowing that You sent me to pray for people and You sent this possum up here. Well, this possum knows more about divine healing than a lot of preachers does." I said, "And You sent this dumb animal; she ain't got a soul, she couldn't be led by no spirit, she hasn't got any soul. But You had to guide her by instinct, and You who made her. And she wants to live to raise her babies. And You put her at my steps here and she's laid here for twenty-four hours! Forgive me, God." I said, "Then Lord Jesus, if You put that possum here, then I pray that You'll heal her, in the name of the Lord Jesus."

197 You have to take my word. When I said that, that possum turned its head and looked at me, raised up from there, that leg just as normal as any other leg, picked her babies in her bosom, strutted down that road like that. Got to the gate, that tail sticking up like that, turned around as if to say, "Thank you, sir." Right down the road she went to the woods.

198 O God, He's everywhere! Surely, if by instinct God could lead a possum to a place to be prayed for, how much more can He a man and woman. Oh, God is in His universe, God is in His animals, God's in His birds, God's in His people, God's in His Word, God's in His Son, God's in His creation, everywhere. And God is here today! God is in this building. Do you believe it? Let us pray.

199 Heavenly Father, oh, someday when it's all over, we can sit down on the other side, then we'll know as we're known. What stories we hear the patriarchs rise, hear Daniel and the prophets and hear all of them rise with the great things that You've done. How we'll shake each other's hands and rejoice and look upon a throne and Him who sits there, and know that through His goodness all things were made.

JOHN14:8,13 JOHN15:7,16 JOHN16:23 REV3:20

200 My mind goes back today to many things, to poor illiterate people. How that You've moved with great compassion and done great signs and wonders, and with the animals and everywhere looking around seeing You. O God, move back that little veil from off of people's hearts today. Move back that intellectual thing that makes them want to hold on to some creed. And let them open up their soul and heart and see Jesus standing near with outstretched arms. "Behold, I stand at the door and knock: if any man will open, I will come in, and sup with him." "Ask the Father what you will in My name," anything you desire, "I will give it to you." "If ye abide in Me, and My words in you, ask what you will, and it will be done." "Show us the Father, and it sufficeth us."

201 O God, just look at You, You're everywhere. You're right here moving in among these people. Sit and cry awhile, then raise your hands and shout awhile, then sit and drink in awhile, the great fountain is open today. I pray that each sinner will plunge. And You who could lead a possum... You know the story, Lord, You know how that same little story swept the world.

202 And, Father, I pray today, maybe that poor old possums still over there with her babies, happy, because she was led by the Holy Spirit, laid and waited like a lady, You healed her, saved her life so she could raise her babies. God, if You do that for a mother possum, what about a daughter of Israel? What about a daughter of Christ? Son of Christ? A child of Christ? Let them, Lord, open their understanding. May You speak in a special way just now, while we ask it in Christ's name. Amen.

203 You're so lovely to talk to; I'm sorry I talked that long. I didn't know I did, forgive me. No, don't forgive me, I didn't mean that. I have no apology for the Word of God, or testimony of Jesus Christ, not a bit. I love you, and you love me, that's what's makes us one. Jesus is here with His people. You believe that? Now we're going to... Did you give out prayer cards? You did. What was it? G. How many? One to a hundred?

204 Boys give out prayer cards. Where did we call last? We didn't call any.... We didn't have prayer cards last night, did we? Night before last, what? We called, I believe about fifteen, wasn't it? 85 to 100. Well, let's go back then, let's call from 1 today then. Who has G number 1, raise up your hand. [Blank spot on tape.]

And don't doubt, and you'll see the glory of God, if you can believe. But you must believe.

205 Is this the lady? Excuse me, come here just a minute. Someone wrote me a little note the other night, said, "Brother Branham, what makes you rub your face so?" Sometimes it feels like your lips are that thick. Then you just subconsciously do it. But I want you to believe now with all your heart. I'm your brother and I declare that Jesus Christ is in His universe, in His Word, in His nature, in His animals, in His people, and He's here now. What more could He do?

206 He's proved that He's here in the Word. Proved that He's here in the universe. He proves that He's here in His people. How it'd certainly be simple for you not to believe. You don't have one thing to stand on at the day of judgment, but just have to walk up there and know that you're condemned and gone.

207 Now, the lady standing here to me, is a stranger to me. Is that right, lady? We're totally strange to one another, I don't know the woman. Now isn't this a picture again, of the well where our Lord Jesus stood and talked to a woman? Now I want you to answer me so I can hear the response, because I can't see too far back at this time, see.

JOHN4:19

208 Jesus stood and talked to a woman one time, to find out what her trouble was. How many believes that in Saint John 4, say, "Amen." And He talked to her long enough until He found where her trouble was, and He told her what her trouble was. And she said, "Sir, You must be a prophet." How many knows that's so, say, "Amen."

JOHN4:25

She said, "We know that when Messiah cometh," the Christ, "He will do these things, tell us all things. But who are You?"

JOHN4:26

He said, "I am He that speaks to you."

209 She knew that was the sign of the Messiah, and if Messiah is the same yesterday, today, and forever, raised from the dead, wouldn't that be the sign of the Messiah this afternoon? If it is, say, "Amen."

210 Now, now, if you believe. Now, He's just.... His attitude to this woman will be just His attitude to you. Only the human part becomes so weakened.... It's a heavenly operation in the human part till it just can't stand it, that's all.

211 But now, the lady, I think, look at her gray hair, perhaps, a mother. Only God knows how many hard washings has went over that hand. How many times it's wiped the tears from a little baby's cheeks, and held it up to your bosom and rocked it. God only knows that; I don't. But lady, you're here for something and would I be far from being a deceiver, for you are a believer, a Christian. And how would I stand here as a brother, professing this office in Christ.... But what I know, sister, here's what He said when the Angel met, "If you get the people to believe you."

I said, "I was born to pray for sick people." And I said, "Sir, I'm uneducated, they won't believe it."

212 Said, "By this they will." Said, "Now if you can get them to believe you and be sincere when you pray, nothing will stand before that prayer."

JOHN14:19

213 Now, I'd be the last person to try to do something wrong, sister, if I know my heart. And that's why.... Look here, I got to meet these people all in judgment someday, I got to meet you. And sure, I'd be home with my children this afternoon instead of up here trying to be a deceiver. 'Cause what would happen to me? See. I can only say, the world's all educated, they don't believe it, no matter.... Jesus said they wouldn't. Said, "A little while and the world won't see Me no more, yet you'll see Me." There's got to be some [unclear word].

214 Now, if He will take this poor unworthy body of mine, this voice of mine, it's no good. Even everything I am, nothing good. But to fulfill His words, that He said He would do it. If He now, by your faith, will come and dwell here with me, and will do the same thing here that He done to that woman at the well, and tell you where your trouble

is, and what's wrong with you, will you believe on Him with all your heart? Now that's just your word, you see, and mine.

215 You're conscious, mother, that something's going on, see. Between you and I is the Angel of the Lord. Now, if the audience can hear me: The lady's moving; no, she's walking. I see her going somewhere, she's walking ... no, she's in a house, moving through the rooms, she's real nervous. She's bothered with a nervous condition, she's wringing her hands, and she's trying to do something, picks up something by a window or something. And she's real nervous doing it. She has to.... I see the sun like it's going down and she's looking out the window. And she gets real nervous and goes and sits down in a chair with the back towards the window. She gets nervous especially late of an evening. And I see her at a bathroom and she's got a lady's trouble, a female trouble, that's causing her a great lot of pain and upset. That's the truth.

216 And, that you might know that I be God's prophet, or servant, you were supposed to have an operation not long ago, and that was on a cyst, and that was on the left arm beneath your clothes, there. There you are. Now, do you believe me? Do you believe Him? Now there's Something here knows you, is that right? Do you believe it's the Lord Jesus doing the same thing, is He? Then in Jesus Christ's name, Satan, you who've done the evil, you're not afraid of me—I know that—but I come in a representative name. I come to represent Him who stripped you of every authority you had, at Calvary, Jesus Christ, the Son of God. He spoiled you, you have no power, you're a bluff, and we're calling your hand. In the name of Jesus Christ, come out of the woman. I adjure thee by the living God that you leave her. God bless you, lady. Now on your road rejoicing and praising God. Amen.

Let's say, "Praise the Lord," everybody. Be reverent. Have faith. Now, don't move around, just be reverent.

ACTS3:4

217 Now, lady, look to me just a minute. Now, what I mean by that: look on me, like Peter and John passed through the gate called Beautiful. They said, "Look on us." Look on us, not that they were anything, but to see God in them.

218 Now, the lady standing here, I see her at a table. And the table is.... No, she's moving away from the table. She's got a stomach trouble. That's right. And she doesn't know what it is. She's kind of upset about it; she thinks it's a growth that's a doing it. That's right. Now, do you believe that He's here? Do you believe if I pray for you.... The Angel of God said, these things would take place; the Bible said they would take place. Here He is in His people, in His universe. If He's standing here and He promised to do it, wouldn't you believe it? Come here.

219 Dear God, in the name of Jesus, the Son of God, I take this curse off of the woman, in Jesus Christ's name. Amen. Why, sure, thank Him, that's right. It's gone from you. There's no more growth, it's gone!

220 Oh friends, if you could only.... "How did you know that did, Brother Branham?" Examine her, doctor, and find out if that's right. She's just waking up to herself, she was so caught in the Spirit. That's what made her feel that way. Why, it's enough to make her shout. I'd shout too, so would you. If you were laying, dying, with a big malignant growth laying in you that desired to wretch out of you, you'd feel happy too.

221 Now, be reverent. Now, just.... What I mean, say, "Be reverent." I don't mean don't praise Him. My! God wants to be praised. He wants to be worshipped. But what I mean: Don't stir around, sit still, see. You cause an interruption.

222 Now, here's a lady, strange to me; I don't know her, never seen her. You're totally stranger to me. Praise be to God. Yes, sister, you were the one that's praying, wasn't you? That blood condition you got, having sat there with a heart trouble, your faith has saved you. Oh!

223 What happened? Here it come before me right here in a vision. Seen the woman praying, the Holy Ghost standing over her ... or, the Angel of the Lord. I turned and He went right over there with her, and I seen her being examined. It's gone from her. Her faith made her well. Hallelujah!

MARK9:23

224 "If thou canst believe, all things are possible." Every person in here ought to be healed at this minute. You are, as far as God's concerned. It's just your faith keeping you from being healed. We could stop the prayer line right now, and every one of you that would accept it upon those basis, but you got to believe. You got to have faith. Just believe, have faith, that's all I ask you to do.

225 He can heal diabetes. Do you believe it? Sitting there praying about it, aren't you? That's right. Brother, you believe me to be His prophet? He can heal high blood pressure too. You believe that? Sister, here with your hand up, what's heart trouble to God, or arthritis, either one?

226 Oh, my, I wish you could ... if you could tap the vision. This is the first thing you really believed. This is it! Now you're believing. Now you got all the doubts moved back. The Christian spirit is overrode the other unbelievers. You're on the initiative side now. That's the way the Holy Spirit's supposed to work. Now that's it. He said, "If thou canst believe."

227 What about it, sir, with that prostate trouble, sitting up there. You believe Jesus makes you well? Can you accept it? You that has to get up at night, nervous, sitting up there looking at me. Yes, brother.

228 See a man lost his healing right there, see. It moved away and turned dark around him again. See, he didn't catch it. You got to answer when the Holy Ghost is speaking at you, answer. Sure, He wants you to answer Him. It's your faith answering to the response of the Word. It's turning right around a man, I tried to get his attention, he's somewhere sitting in there, it left him again, went away. I called him, pointed right to him, it turned dark around the man then the vision left me, went back to him, see. You've got to believe! You can't bluff God. And you can't bluff Satan. You got to know that God has the preeminence, He's God. Maybe I'll try to keep to the platform here.

229 Now believe, lady. Was you just called, just now, lady? You were. Was it diabetes? Got diabetes too, don't you, sir? Standing the end of the row down there. Right? Something wrong with your ears too, don't you? Quit smoking them cigars. You smoke cigars; you shouldn't do it. Throw them away. Have faith in God.

Oh, hallelujah! Something went right. Don't think I'm beside myself. I know where I am.

230 Lady, I don't know you. Christ knows you, I don't. I see a young man, and he's walking over ... he's staggering. It's your boy. He's an alcoholic. That's "Thus saith the Spirit." You're here to stand in his stead. That's the truth.

231 O Jesus, being a parent myself, God be merciful and grant this woman her request. May her faith not fail, may she see this boy saved, filled with Your Spirit. I ask this for God's glory, in the name of His Son Jesus Christ. Amen.

MARK9:23

"If thou can't believe, all things are possible." Do you believe? Have faith, have faith, don't doubt.

232 There's the Spirit going to that lady. Lady, your trouble's thyroid gland. You're looking at me like that. Sure, someone would say, "Sure, she looks heavy-set, be thyroid." Not necessarily. Say, how about the lady next to you, lay your hand over on the lady next to you there—no, the heavy-set one; lay your hand on her. Look this way, lady, this one there. You got throat trouble, don't you? That's right, raise up your hand if that's right, so you see. All right. See that Spirit moving?

233 How do you do, sir? You believe with all your heart? Look this way just a moment. You've been in a hospital. I see them with you opened up in the front part, this way. And they were taking your stomach and cutting a big portion of it out. That's your trouble. You're extremely nervous. That's right. And you're a preacher of the Gospel. And another thing, you're wanting to be prayed for, you have an impediment of speech. I see you trying to say something, you can't say it. It's caused by a nervous condition, that's what caused your stomach trouble. That's "Thus saith the Lord."

Dear God, in the name of Christ, the Son of God, I pray that You'll heal the man. Amen.

PSA150:6 MARK9:23

234 Let's say, "Praise the Lord." Do you believe? Give Him praise! "If you can believe, all things are possible." Just have faith. God will grant it. The Bible said, "Let everything that has breath praise the Lord."

235 You ought to feel happy about that, sir, sitting out there on end of the row. You do? Feel real happy 'cause that man was healed? You do? You have poor circulation, don't you, sir? That's right. Wouldn't you like to be that happy? Sure, you can too. Amen. Go on your road rejoicing, and praising God.

236 Hallelujah! Praise be to Jehovah God, who raised up His Son Christ Jesus. He's alive. Now you're believing. Now you're doing it right. This is what you ought to've done all the other nights. Amen. Do you believe?

237 What about you, lady? All you believe. You believe that I'm your brother. But you believe that I become your brother plus God's prophet, servant. You believe that? Then I can help you. If you believe that solemnly in your heart, I can help you. You can go back to your own town rejoicing. You come from another. That's right. I see you looking at something, Mrs. Underwood. God can make you well. Do you believe that? [A lady says, "Yes, praise God, I do."] That's who you are, that's right. And you got a kidney floating on the right kidney on the right side, that's exactly. Return back home and say, "Praise the Lord," and be made well, in the name of Jesus Christ.

Dost thou believe all things are possible? Oh, He's wonderful. You might think it's strange. He knows all things. Believe.

238 Look here just a moment, lady. You believe me to be His servant? With all your heart? That is right. [Unclear words.] Have faith. You believe? I can't heal you, but I can tell you where your trouble is, just like the woman that sat there. Do you believe it? Asthmatic condition. That's right, isn't it? Have faith. Stand right here just a minute. Have faith.

MARK9:23

239 Nervous condition causes stomach disorder. That's right. A peptic ulcer. That's right. Heart trouble, asthma, stomach trouble. If you believe, "If thou canst believe, all things are possible." You believe it? Amen.

Do you believe me to be His prophet? Got arthritis. That's right, isn't it? Stand here just a moment.

240 Everybody, none of these people's been healed as yet. This woman's got heart trouble. Everybody's got heart trouble stand up, I'll show you something. Every person with heart trouble stand up.

What was yours? Stomach trouble. Everybody with stomach trouble stand up. Just remember, everybody with stomach trouble.

Look here, them spirits are calling one to another. You're going to see something happen.

241 Come here. What was your trouble? Did I tell you right to the Spirit? Asthmatic, asthma, stand up. What was yours? Arthritis. Arthritis, stand up.

242 Here you are. Them spirits are pulling one to the other, see. They can all be defeated. Do you believe it? Let's stand and give Him praise, every one.

243 In the name of Jesus, Son of God, I rebuke every spirit of the devil. And I pray that you can't hold them any longer, Satan. Come out of this audience. And may they be made whole in Jesus Christ's name.
